

Selcom Group provides to customers, suppliers, collaborators a web portal to exchange informations.

This guide explains how access to this Portal.

Following a specific request, the Selcom Group ICT Team provides the credentials for access to the portal.

These credentials (user and password) are strictly personal and whoever receives them undertakes not to provide them to anyone and is responsible for their use.

The address to use in your browser is:

<https://extranet.selcomgroup.com>

The page you reach is the following :

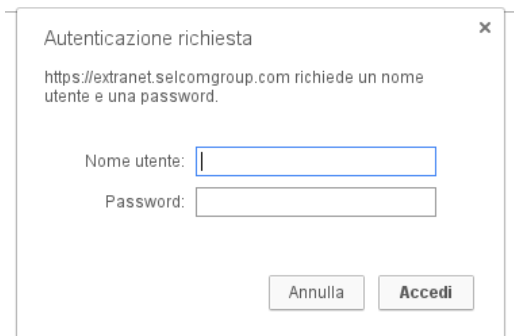

To access the portal, click on the icon :

Warning: as indicated on the page, the pop-ups for the extranet.selcomgroup.com site must be enabled.

You will receive the request to enter the user and password communicated by the I.C.T. by Selcom Group.

Autenticazione richiesta

https://extranet.selcomgroup.com richiede un nome utente e una password.

Nome utente:

Password:

Annulla Accedi

For obvious security reasons, we strongly advise against storing login credentials if the browser requests it.

Selcom Group File Sharing Service

If it is necessary to exchange documents, the user will be enabled for the File Sharing service.

The link to the application will appear in the second column of the portal :

Through this application it will be possible to both receive files from Selcom Group, and upload them for sending to Selcom Group personnel, in a protected, secure, tracked way and without going through external clouds.

By pressing the button with the symbol ? you will be able to access the service help.

For any problems please contact the ICT Team via the email address:

ict.selcom@selcomgroup.com
